## LETTER OF APPRECIATION

Recently, CWPRS, Pune has purchased two licenses of ABAQUS Finite Element software from M/s EDS Technologies Private Limited, Pune. The software has been installed successfully. During installation of software and imparting training to CWPRS officials, representatives from M/s EDS Technologies have done a commendable job.

I thank sincerely for the efforts made by EDS Technologies in providing SIMULIA-ABAQUS Technical Support and training to CWPRS officials specially delivered by **Mr. Narendra Palande**. The support provided by M/s EDS Technologies has been very professional and met our expectations.

The learning experience during training will definitely help CWPRS officials to carry out analysis of hydraulic structures in more realistic way by incorporating Fluid Structure Interaction during dynamic stress analysis and meet expectations of Project Authority.

It was indeed a very effective engagement and our team members were able to comprehend and appreciate the various aspects of troubleshoots done by representatives of M/s EDS Technologies. I offer my special thanks to **Mr. Chandrakant Akhade** and EDST team for their timely and valuable support.

We look forward for cooperation from your side in our future learning endeavors.

( Rizwan Ali )
