Subject: Gratitude for Industrial Training at NSUT Delhi

Dear Dr. Varun Sharma,

I extend heartfelt thanks for the insightful One Week **Industrial Training on ABAQUS, ISIGHT, TOSCA, and FESAFE (SIMULIA)** at Department of Mechanical Engineering (EV), NSUT, New Delhi from February 12th to 16th. Your expertise and dedication greatly enriched our understanding and will undoubtedly benefit our academic and professional pursuits.

Furthermore, I am delighted to share that the feedback from students has been overwhelmingly positive. Your clear explanations and interactive teaching style received excellent reviews, with many expressing appreciations for the hands-on practice sessions.

Your commitment to addressing their questions and providing personalized guidance left a lasting impression, and many participants noted that they now feel more confident in applying these software packages in their studies and future careers.

Additionally, we are immensely grateful to EDS Technologies/Dassault Systems for their continued support in allocating the right resources, contributing to the success of the training program.

Warm regards,

Dr. Pradeep Khanna
